SUPPLIERS UPDATES

Asian Stylish Plating Presented by "Small Wonders"

EMI Yoshi introduces Small Wonders for a tiny taste of elegance. These petite dishes are versatile and visually appealing. Their uses are boundless. Appetizer trays, single servings, and small proportions are instantly enhanced when presented in these elegant designs. Choose from 24 styles in 5 colors! Add Small Wonders to any of our existing lines of plates and trays for a truly unique display.

Square plates are the ultimate in sophistication but with the convenience of being disposable. Available in four sizes and four colors, Black, Bone, Clear and White, they can be mixed and matched for a unique setting.

Plates come in sizes for Dinner, Luncheon, Dessert and Salad. Specially designed wide deep edges prevent food spillage and extra heavyweight glossed plastic gives the appearance and durability of China.

Integrated Coffee Systems by Concordia

The Integrated Beverage System 4 is the most comprehensive beverage system ever developed. In a single step fresh beans, fresh milk, fresh water, and premium syrups and sauces combine to create consistently world-class beverages. You don't even need to move the cup. The IBS4 delivers the broadest menu of cafe-quality beverages all in a single device; americano, hot chocolate, latte, mocha, cappuccino, chai latte, espresso shots, steamers and multiple flavored beverage options...even iced drinks. The only one of its kind in the world!

Sweet Leaf Launches New Glavor Organic Teas

Sweet Leaf Tea's new organic Mango Green Tea is a delicious and refreshing organic, ready-to-drink tea made with premium organic green tea, organic mango juice and pure, organic cane sugar. Bottles of Sweet Leaf's Mango Green Tea are available in 16 ounce glass bottles that will retail for between \$1.39 and \$1.59 each, and 20 ounce, recyclable PET bottles, which will retail for between \$1.59 and \$1.79 each.

Sweet Leaf teas are made from all-natural, superior-blend black and green teas mixed with 100% pure cane sugar or honey (sucralose for the diet varieties) and carbon-filtered water. Six of their flavors are certified organic by the USDA, and their Green Tea line has more of the antioxidant EGCG than any other bottled tea on the market. Sweet Leaf also just launched old-fashioned organic lemonade beverages made with 100%, organic cane sugar, which was winner of the 2007 NASFT Silver "Sofi" Award for "outstanding cold beverage".

Teas: The Organic Original Sweet Tea, Diet Original Sweet Tea, Organic Mint & Honey Green Tea, Diet Mint & Honey Green Tea, Organic Peach Sweet Tea, Diet Peach Tea, Raspberry Sweet Tea, Lemon Lime Unsweet Tea, Organic Mango Green Tea, Organic Half & Half Lemonade Tea and Organic Pomegranate Green Tea.

Lemonades: Organic Original Lemonade, Organic Peach Lemonade, and Organic.
